FICTIONAL WORKFLOW DEMONSTRATION - NOT FOR CLINICAL USE
Subject: SYN-002
Record: SIM-AE-OBS-0006
term: White blood cell count finding
local_related: N
last_related: N
wound_related: N
opioid_related: N
start_date: 2027-01-14
start_time: 09:00
start_time_unknown:
ongoing:
end_date:
end_time:
end_time_unknown:
stop_indeterminate: 1
grade: 1
serious: N
relatedness: 6
drug_action: 1
no_action: 1
conmed:
procedure:
other_action:
other_action_specify:
outcome: 7
sequelae:
discontinued: N
pi_term: White blood cell count finding
comments: No associated symptoms or additional intervention were reported in this simulated
assessment.
source_result: 13.7
source_unit: 1000 cells/uL
source_test: White blood cell count
source_specimen: BLOOD
source_category: HEMATOLOGY
source_assessment_datetime: 2027-01-14 09:00:00
Record: SIM-AE-OBS-0007
term: Fasting glucose finding
local_related: N
last_related: N
wound_related: N
opioid_related: N
start_date: 2027-01-14
start_time: 09:10
start_time_unknown:
ongoing:
end_date:
end_time:
end_time_unknown:
stop_indeterminate: 1
grade: 1
serious: N
relatedness: 6
drug_action: 1
no_action:
conmed:
procedure:
other_action: 1
other_action_specify: Simulated monitoring schedule adjustment
outcome: 7
sequelae:
discontinued: N
pi_term: Fasting glucose finding
comments: The fictional reviewer documented a change in the monitoring schedule; no associated

symptoms were reported.
source_result: 137
source_unit: mg/dL
source_test: Fasting glucose
source_specimen: PLASMA
source_category: CHEMISTRY
source_assessment_datetime: 2027-01-14 09:10:00
Record: SIM-AE-OBS-0008
term: QT interval finding
local_related: N
last_related: N
wound_related: N
opioid_related: N
start_date: 2027-01-14
